

If you require engraving, it is important that you read and understand the contents of these pages. If you have any queries, please feel free to contact us.

We can laser engrave your selection to 1200 dpi mechanically, and 600 dpi optically. The resulting precision engraved representation of your text, logo or emblem, reinforces the potential as a gift, or as a product for resale, a corporate gift, promotional product, or presentation.

We do not charge any artwork fees, providing we are supplied with artwork in accordance with our requirements (see below). If your artwork has to be revised, we will charge \$60.00 per hour, with a minimum charge of \$30.00. We will advise you of the estimated charges before any alteration to your artwork is commenced.

Complex artwork, such as recreating logos or emblems will be charged at a rate of \$60.00 per hour, with a minimum charge of \$30.00. Be aware that we have experience in engraving on many mediums, and will be only too happy to assist in the compilation of your artwork. Customer provided artwork is only kept on file for 18 months.

Please ensure you comply with our artwork requirements, as outlined below, as the software program we use is orientated to our engraver, rather than desktop publishing, graphics manipulation and file conversion. Should you require assistance or clarification, please feel free to contact us.

Please ensure you **do** send:

- Line art or black and white graphics
- Corel vector files
- PDF files
- Minimum 600 dpi
- PC compatible

Please ensure you **do not** send:

- Colour or greyscale graphics
- EPS files
- Word documents
- Any zipped or compressed files
- Graphics scanned from business cards, letterheads, brochures or any other sub standard medium
- Graphics copied from a website

We will personalise your selection, enabling recognition to the individual, providing we are supplied with a typewritten, alphabetical list of names with the order. Alternatively, a

word-processing file on DVD, CD or submitted by e-mail, is also acceptable, as this ensures no possibility of misunderstanding or misspelling. There is no charge for this service.

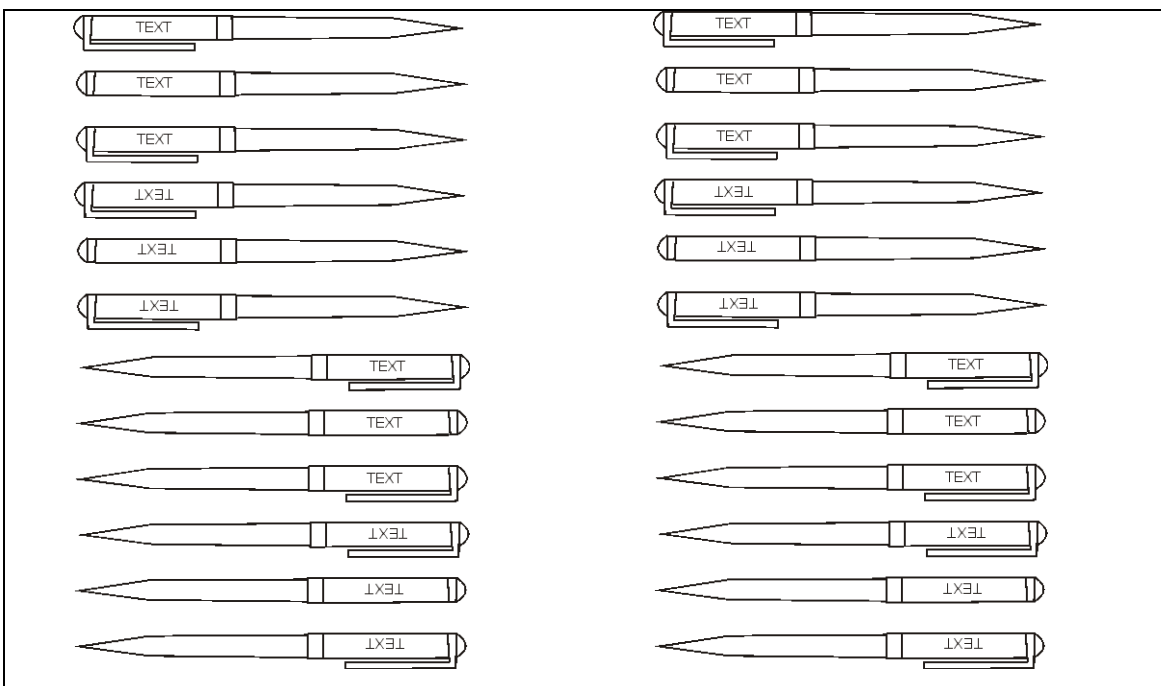

All material submitted by the customer for use by us in engraving the items, will be accepted in good faith, as being in full compliance with all applicable laws regarding trademark, copyright, patent or similar protection. It is your responsibility to ensure compliance with this requirement.

If you require text only to be engraved, we can recommend fonts that engrave very well & clear. Should you require a different font, please be prepared to provide it. We ask that you entrust Kulpara Laser Lec, with a degree of “artistic licence”, to allow us to use our experience in laying out your artwork, to the best advantage of the product, in doing this, we will consider the size, font and engraving area available on the product. If requested, several sample layouts will be provided for you to assess, and if necessary, alter and select from.

When ordering engraving for pens, please let us know how you would like the engraving to be positioned, by using the this guide. Tip: Hold a pen in your natural hand, and visualise how the etching will appear.
